

Dive into a Book!

This summer, in order to be a Star Reader, students need to participate in a Summer Reading Program through their local public library. Each public library has its own program based on the theme "Be Creative @ Your Library". In addition to offering prizes for students who complete a reading log, libraries also offer many free programs for residents including story times, craft programs, theatre, music, science and many other fun activities. For the first time this summer, many libraries will even let you track your reading online, so you can participate even if you are going to be away for the summer. Visit your local public library to find out more!

Students who complete the summer reading program will be rewarded in the fall as Star Readers. They will be invited to an ice cream party in the library and will be able to check out an additional book throughout the school year. It is my hope that everyone will be a Star Reader!
